

## Junior seminar - English Conversation

Embark on a journey into the English speaking world that involves intriguing conversation, philosophy, and idea sharing. This course is designed and hand-crafted to explore the world around us and trains us to think critically as well as discuss different ideas and perspectives. We explore concepts such as conspiracy theories, cultural norms, and if (historically) the ends truly justify the means. We also explore essential life skills like how to get a job, how to start your own business, the psychology of the salesman, and wilderness survival skills. Come along and join the adventure! We're waiting for you!

## Senior Seminar - Maturita Prep

This course is designed with one goal in mind. To assist you in passing your final maturita exam and moving on to the next phase in your young life. We go over almost all of the maturita topics and you even will have the ability to download every powerpoint presentation for your own studying purpose. Also, during the year, we will be taking 2 practice maturita's designed to help prepare you for what it is like to actually take maturita. The classes are high energy, entertaining, and use all forms of media to not only help you with the info, but to also make it relatable. Looking forward to having you with us!
